EDUCATION

University of Central Florida

B.S in Computer Science, GPA: 3.54

Orlando, FL

12/2025

EXPERIENCE

University of Central Florida - IDESIGN

Teaching Assistant - Senior Design

Orlando, FL

08/2025 - 12/2025

- Supported **40+ senior CS capstone teams** by providing architectural guidance and full-stack technical mentorship, helping teams navigate development and deployment challenges to meet project milestones.
- Facilitated regular progress check-ins for **400+ students** with their capstone teams to identify roadblocks and provide targeted technical guidance, helping them maintain momentum toward project deadlines.

United States Space Force

Software Engineer Intern

Los Angeles, CA

01/2025 - 08/2025

- Engineered an AI-driven IT automation platform, AskPolaris, delivered to U.S. Space Force IT operations to streamline service workflows and reduce support overhead.
- Reduced IT support ticket volume by **35%** by designing an AI recommendation engine that personalized self-service resolutions based on user input and technical skill level, enabling IT teams to focus on high-priority incidents.
- Built and documented **RESTful APIs** with **Flask**, defining **OpenAPI** specs and **Postman** collections to ensure consistent integration across frontend and backend services.
- Designed and normalized **Azure SQL** database schemas to support structured user profiles, ticket history, and recommendation data at scale.

YouROK Corp.

Software Engineer Intern

Menlo Park, CA

06/2025 - 08/2025

- Implemented UI components, dashboard modifications, and bug fixes across 3 portals using **React**, guided by **Adobe XD**.
- Migrated back-end services from **REST to GraphQL** and resolved middleware issues to improve data fetching flexibility.
- Collaborated with backend engineers to structure and validate database schemas for a new architecture transition.

Xime Beauty/Skin

Full Stack Developer

South Gate, CA

04/2021 - 08/2022

- Built and deployed 2 LAMP stack business websites, managing the full development lifecycle from design to production.
- Led migration of 2 e-commerce sites to **Shopify**, enhancing online sales functionality and e-commerce capabilities.

PROJECTS

Simply Law | React, Next.js, Python, FastAPI, Google Gemini API, Supabase, Prisma, Vultr

09/2025

- Won 1st Place at KnightHacks 2025**, Morgan & Morgan AI Legal Tender Challenge, earning the **\$4,000** grand prize against 200+ competing teams.
- Built an AI-powered legal workflow system as a team, automating document processing and case analysis using Google Gemini API and FastAPI.
- Developed full-stack features across frontend and backend using Next.js, TypeScript, Supabase, deployed on Vultr.

Askpolaris | React, Flask, Azure SQL Database, OpenAI API, Figma, Postman

01/2025 - 08/2025

- Created **RESTful APIs** with **Flask** to enable secure, real-time communication between frontend and database.
- Designed and normalized **Azure SQL** database schemas to support structured user and ticket data.
- Documented endpoints and data flows using Postman and **OpenAPI** specs for team-wide clarity.

Guest QR Code Tracker | React, Vite, Node.js, Express.js, MongoDB, AWS Lightsail

04/2025 - 05/2025

- Built a production QR-based attendance tracking system supporting **250+ live convention participants**, enabling real-time monitoring of 10+ attendee services with zero downtime during live operations.
- Deployed full-stack app on **AWS Lightsail** with a **Node.js/Express** and **MongoDB** backend for real-time scan data storage.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Python, Java, C, PHP

Frontend Technologies: React, Angular, Next.js, Vite, Three.js, Tailwind CSS, HTML, CSS

Backend Technologies: Node.js, Express.js, REST, Flask, Spring Boot, GraphQL

Databases & BaaS: MongoDB, MariaDB, Supabase, Azure SQL, PostgreSQL

Cloud & DevOps: AWS Lightsail, Azure, Vultr, Docker, CI/CD Pipelines, Git/GitHub

Tools & Testing: Jest, Pytest, Postman, Figma, Jira, Notion, Slack, OpenAPI

AI Tools: Claude Code, ChatGPT, GitHub Copilot, Figma AI, Cursor

Spoken Languages: Spanish (Native), English (Fluent)
